

**Greetings CDRN Colleagues,**

Below are select job and funding/training opportunities, resources/tools, upcoming events, and news that may interest you. Please share with your regional partners, researchers, NON CHES, and CURE scholars as appropriate.

**Highlight: GMaP Region 1-South Spring Webinar**  
The GMaP Region 1-South invites you to participate in the spring webinar entitled “*Road to the Career Development Award: What You Need to Know*.” This webinar will take place on June 21, 2016 from 2-3 p.m. This event will feature Dr. Tisha Felder, University of South Carolina, as the presenter, and Dr. Whitney Robinson as the discussant. For more information, [click here](#).

**New in this issue:**  
 • **Announcement: Newly Launched Genomic Data Announcements to Facilitate Data and Clinical Information Sharing**  
 • **Announcement: The NCI-Molecular Analysis for Therapy Choice (NCI-MATCH) clinical trial is now enrolling patients**  
 • **Job Opportunity: NCI/CRCHD Integrated Networks Branch Chief Vacancy Announcement**  
 Closing date: Monday June 13, 2016

• **Announcement: The National CLAS Standards State by State**  
 • **Announcement: NIH Request for Information – Approaches for Supporting Team Science in the Biomedical Research Community (See attachment)**

**CDRN Collaboration Corner**

**Do you have a resource you are looking to disseminate?**

Are you looking for collaborators for a project or study?

Then share your work in the CDRN Collaboration Corner!

The Collaboration Corner will be located on our website ([www.cdrn.org](http://www.cdrn.org)) and highlighted here in our E-blasts where investigators will be able to share resources, projects, and ideas, as well as describe the kinds of collaborators they are looking for, if applicable.

Please submit your resource to [Carrie](#). Thanks!

**Submit an Abstract to the Upcoming AACR Science of Cancer Health Disparities Conference!**

Individuals interested in submitting an abstract for presentation during the conference must do so through the AACR online abstract submission service. Abstracts are due June 20th!

Many GMaP and CDRN members will be there~ join us!

**New Resources**

**Webinar: The National Research Mentoring Network** is a fabulous resource for both senior and junior investigators. Learn more on our website under the [Resources and Tools](#) section.

**Webinar: Promoting Yourself, Your Research and the New NIH Biosketch**. [Click here](#) to learn more.

- **Feasibility Studies to Build Collaborative Partnerships in Cancer Research (P20)**  
 National Cancer Institute

Through this Funding Opportunity Announcement (FOA), the National Cancer Institute (NCI) invites P20 planning grant applications for developing collaborative partnership between institutions serving underserved health disparity populations and underrepresented students (ISUPS) and NCI-designated Cancer Centers (or Cancer Centers with highly integrated cancer research programs). This FOA is designed to facilitate the planning and execution of focused collaborations in cancer-related research, research experience, and research education. A major goal of the NCI P20 partnership programs is to provide support for investigators at ISUPS and Cancer Centers to conduct cancer research pilot projects and cancer research education program. The purpose of the pilot projects and education program is to allow awardees to obtain preliminary data that will lead to competitive grant applications for funding by the NIH/NCI and/or other Federal/Non-Federal agencies.
