

### Greetings CDRN Colleagues,

#### Are you Attending these Workshops?

The Exito! Latino Cancer Research Leadership Training at the University of Texas San Antonio from June 5 to June 10, 2016?

14th Annual Disparities in Health in America Working Toward Social Justice Conference - "From Health to Precision Medicine - Across the Broad Spectrum Addressing Health Inequities" June 20 - June 25, 2016 Houston, TX?

Please let [Carrie know](#) - let's connect our CDRN investigators and Community Health Educators at these events.

#### Want to incorporate the latest science in your disparities issue in your own research?

The National Institute on Minority Health and Health Disparities (NIMHD) will host the **Health Disparities Research Institute** from August 15, 2016, to August 19, 2016. The Institute aims to foster individual research projects of promising scientists and motivated research scholars with the overall goal to stimulate innovative research in the minority health and health disparities sciences. Please forward this message to anyone who may be interested in applying.

For more information, click [here](#).

#### NCI-supported Graduate Student Recruiting Program

**June 22 to June 24, 2016 in Bethesda, Maryland. The purpose of this event is to recruit outstanding senior graduate students to postdoctoral positions at the NCI. Read more [here!](#)**

#### CDRN Meet Ups

Attending an upcoming meeting relating to cancer research or health disparities? Maybe other CDRN researchers are attending, too! **Email CDRN Coordinator** with the conference you are attending and CDRN will work to coordinate a Meet Up with other attendees.

#### Share Your Success!

Members of the CDRN network are doing amazing things and we want to make sure everyone knows about it! Sharing each other's successes can promote networking, facilitate exchanges of information between members and institutions, increase the potential for collaboration and encourage our senior PIs to contribute to the career development of our junior investigators.

Download the [form here](#) and send it to [Carrie Norbeck](#), your regional coordinator.

Thank you for responding and helping to grow and celebrate the amazing work we are doing in our region.

#### New Resources

**Webinar:** The [National Research Mentoring Network](#) is a fabulous resource for both senior and junior investigators. Learn more on our website under the [Resources and Tools](#) section.

**Webinar:** [Promoting Yourself, Your Research and the New NIH Biosketch](#). Click [here](#) to learn more.

Below are select job and funding/training opportunities, resources/tools, upcoming events, and news that may interest you. Please share with your regional partners, researchers, NON CHES, and CURE scholars as appropriate.

#### Cancer Health Disparities

- Feasibility Studies to Build Collaborative Partnerships in Cancer Research (P20) -<http://grants.nih.gov/grants/guide/pa-files/PAR-16-084.html>- National Cancer Institute

Through this Funding Opportunity Announcement (FOA), the National Cancer Institute (NCI) invites P20 planning grant applications for developing collaborative partnership between institutions serving underserved health disparity populations and underrepresented students (ISUPS) and NCI-designated Cancer Centers (or Cancer Centers with highly integrated cancer research programs). This FOA is designed to facilitate the planning and execution of focused collaborations in cancer-related research, research experience, and research education. A major goal of the NCI P20 partnership programs is to provide support for investigators at ISUPS and Cancer Centers to conduct cancer research pilot projects and cancer research education program. The purpose of the pilot projects and education program is to allow awardees to obtain preliminary data that will lead to competitive grant applications for funding by the NIH/NCI and/or other Federal/Non-Federal agencies.
